Industries

The Excellent Quality & Wide Ability

V. V. Industries

www.desiccatedcoconutpowder.com

V.V. Industries is one of South Asia's largest desiccated coconut powder manufacturers and exporters. A brand name that is known for its quality products and huge quantities that we produce & supply locally and internationally.

Since our inception in 2000, we have been only focusing on desiccated coconut powder manufacturing. We have over 1000 domestic customers who have been buying from us on a regular basis. We are happy to export to over 14 Countries now and are still on the expansion mode. Our superior grade powder is SO2 free and has a very good self life. Furthermore, we are reliable, as we never compromise on quality for quantity.

Production Ability

We have 5 Production Units, more than 1000 Workers.
Large space for Machinaries & Working Area.
Production 600 Tons/month (20 Tons perday).
